## The Cause

**BY5 is a nonprofit organization that formed with a mission to transform the Muncie area community by connecting Kindergarten readiness to economic success.**

Recognizing the importance of the first five years, BY5 ensures children are kindergarten-ready through three core objectives:

- Increasing access to quality early learning
- Supporting families
- Engaging employers in promoting kindergarten readiness.

BY5 implements strategies including educator training, connecting families with childcare resources, and employer information sessions emphasizing early childhood development. By collaborating with families, educators, and businesses, Muncie BY5 builds a strong foundation for children's future success.
