Finance Life's Expenses

As an owner of a home with equity, you have a great, low-cost resource available to help you financnce the changes in your life. A home equity loan or line of credit can help you manage both planned and unexpected expenses such as home improvements, debt consolidation, medical bills, and more.

Equity Loan

If you want to access your home's equity but maintain the security of a fixed rate and term, a PrimeTrust Equity Loan may be the right option for you. Our Equity Loan is available as a Second Mortgage solution to members that qualify, providing a one-time, lump sum cash disbursement.

Based upon the LTV option you select (LTV or loan-to-value is the ratio of the mortgage loan balance to your property's appraised value), you can secure a PrimeTrust Equity Loan that allows you up to 15 years of loan repayment.

Simplify Monthly Payments

Put the loan payment process on cruise control with PrimeTrust's Automatic Mortgage Withdrawal Program. We can make paying your loan easier by linking your loan payments to a PrimeTrust checking or savings account.

Our HELOC is available as both a first and second mortgage. The funds are available in the form of a Visa Credit Card.
